

To the members of the California State Senate:

I am signing Senate Bill 2 (4th Extraordinary Session), which increases penalties for employers who commit workers' compensation fraud. This bill makes important policy changes that I strongly favor. Unfortunately it also chapters out two provisions in Assembly Bill 1667 (Chapter 368, Statutes of 2004) and Assembly Bill 3081 (Chapter 182, Statutes of 2004), both of which I signed. Understanding the importance of both those measures, I encourage the Legislature to correct this problem when the new legislative session begins.

Sincerely,

Arnold Schwarzenegger
